PROFILE SUMMARY

I'm a BCA student who loves bringing ideas to life through code. From Android apps to web platforms, I enjoy crafting clean, functional, and user-friendly solutions.

WORK EXPERIENCE

XDev Club   2025 - PRESENT

Application Development Club at MRIIRS

- At XDev Club, I serve as a Subject Matter Expert (SME) and contribute to the Outreach & Media Team, where I help simplify tech for others and grow our tech community online.

- Opportunity to lead UI/UX DesignVerse with Figma workshop at the XDev Club! It was an amazing experience .

IEEEngine   2025 - PRESENT

IEEE student branch at MRIIRS

- I work at IEEEngine, MRIIRS, as the Media Team Head, where I lead content creation, design, and promotional strategies. My role involves managing visual branding, coordinating with technical teams for event coverage, and ensuring impactful digital presence across all platforms.

PROJECTS

Fast Medico (Team Project)

WORKING ON IT

- Healthcare app that allows users to book appointments, access medical records, and consult doctors online. Integrated AI-based features for basic symptom checking and smart suggestions. Designed user-friendly UI with XML and implemented real-time database operations using Firebase.

Campus Connect

WORKING ON IT

- Campus Connect is a mobile application designed for students and faculty of Manav Rachna International Institute of Research and Studies (MRIIRS). The app provides centralized access to important college information, ensuring a smooth and connected campus experience.
